After some discussion, the Board was in agreement to include the special ed students in the e-learning on Wednesday.

Mr. Johnson suggested that the first student attendance day be move to August 13<sup>th</sup> due to the fact that the state is allowing additional training days for the staff. The technology inventory has been completed. The recommendation from the administration is to purchase IPAD and protective cases for grades K-2. New Chromebooks are suggested for grades 3,4,5 and 6 to replace older machines. These items will be placed on the next agenda for purchase with monies being used from the CARES grant.

Mr. Johnson briefly updated the Board about supplies available at Atlas Supply for disinfecting. They are looking to purchase either fogging machines, or backpack style applicators for faster cleaning.
